We want YOU to share your opinion on the future of Fayette County!

Fayette County is updating its goals for housing, development, transportation, natural resources, land use and more, resulting in the creation of the Fayette County Comprehensive Plan.

Public input is essential to understanding what has worked so far, and where the county should go from here. Complete a brief online survey and have your voice heard!

Stay tuned for opportunities to get involved, including community visioning and goal setting sessions!

Check out the comprehensive plan website at:
